Summary

Designing products and experiences through UI/UX, interaction, and system thinking across digital and physical experiences.

Experience

Product Designer / Echo

2025

- Led end-to-end design of a social app for college students, including product strategy and UI/UX.
- Defined user needs, core features, and user flows, translating them into interface design.
- Established a cohesive visual and interaction language across the product.

Visual & Interaction Designer / Thesis

2025 – 2026

- Designed an interactive system exploring habits and awareness.
- Developed a multi-format experience across cards, objects, and publications.
- Created a participatory framework for reflection.

Brand & Visual Designer / Live Media Group

- Led brand identity and website design, ensuring a cohesive user experience across digital platforms.
- Partnered with PM to design and implement the website.

Brand & Visual Designer / UPCYCLO

2024 – 2025

- Developed a brand identity for an upcycling initiative using recycled materials.
- Designed and facilitated a hands-on workshop, creating a participatory experience through material reuse.
